Partner of Gulf-USA Capital & US Share Fund & US Real Estate Trust Group was established to be a best in class direct private lender serving the professional real estate investment community. We provide time-sensitive financing to meet the needs of investors for the purchase or refinance of non-owner occupied residential and commercial properties.

With liquidity still lacking in the credit markets, and with increased regulation in the banking industry, we aim to be one of the nation's top private lender satisfying the needs of investors who are seeking an alternative to conventional financing. The turbulent economy has created vast opportunities for the purchase of the distressed real estate. Our goal is to help professional investors compete in this fast-paced, competitive landscape.

We understand the needs of investors. Convenience, flexibility, and speed are required for us to become a reliable capital partner. Our goal is to help you focus more time on the execution of your investment strategy and less time on the hassles of closing your loan.
