Gulf US Capital (GC) to build the most dynamic, profitable and reputable alternative finance and investments firm in this countries. We hope to achieve this goal by delivering outstanding service and value to our clients as well as unique finance and investment opportunities and superior return to our investors across alternative asset classes.

Our consultants, directors and staff all strive towards building a best-in-class institution that shines, even by international standards.

We have cooperated financial companies and partners is unsurpassed in its quality and breadth and boasts some of the largest pension funds, banks, insurance companies, family offices and sizeable high net worth individuals. Our shareholders are located in every single country in the Gulf, making Gulf US Capital one of the first truly regional investment companies.

GC restructures start-up projects and on going concerns that have the capacity to service debt over the term of the loan. A corporation or a project with a strong future potential becomes a candidate by enabling debt and asset reorganization through internal structures in banking, insurance, credit enhancements and private risk syndications on a guarantee basis using bankable instruments to trade first tier debt to contingent debt. Thus, leading to a fully securitized Private Placement. The final analysis being, a credit facility set-up for the corporation or a project with a safety margin, that will be clear of liens or a first call on its assets in the event of a default.

On the credit business side, "Gulf Credit Partners" boasts a team of veteran professionals with international and regional experience in the credit, mezzanine, and debt financing business as well as banking, structured lending, LBO financing and investment management. Our credit business plays an important role in providing much-needed liquidity and growth capital to mid-market companies in the region.

Last but not least, Gulf US Capital has assembled a formidable team of private equity, credit and real estate professionals with an unrivaled track record, global experience. All of our professionals have worked at leading global institutions in major centers around the world and are united in their drive to create a new financial powerhouse in this countries.

Our Private Equity strategy is to acquire strategic stakes in highly profitable and fast-growing companies in select industries in this countries and, through active ownership, accelerate their growth and profitability ahead

of an eventual exit. We are active investors with a particular focus on operational improvements and regional or product expansion.

The consultancies may extend to privatizations, government contracts, build-operate-transfer projects, or the tender of contracts.

GC utilizes its global assets, investor relationships and credit facilities to deliver the products

- Performance Bond (PB or PGB)
- Documentary Letter of Credit (LC or DLC)
- Standby Letter of Credit (SBLC)

GC can also provide credit enhancement to your financial transactions, with the following types of financial instruments:

- Standby Letter of Credit (SBLC)
- Bank Guarantee (BG) and/or Monetizing.

Gulf-US Capital will provide consultancy to financial institutions, businesses, contractors, manufacturers, public and private, municipalities, ministries, and government bodies in the US. The consultancies may extend to privatizations, government contracts, build-operate-transfer projects, or the tender of contracts.

We look forward to further cementing this reputation by seeking additional profitable investments for our regional and global investor base.
