

We are ready, into a contract with principal Buyers directly for **Halal Beef and Lamb Cattle and products** on the terms and conditions set forth below:

Our Meat Manufactures Company; Occupies 2 330 hectares outside Heidelberg and accommodates 150 000 head of cattle, making it the largest in Africa/Capacity of processing 2 040 head of cattle every day. The meat processing plant uses clippings produced from on-site compaction plants that produce 22 tons of meat products per shift. Here Karan Beef produces and packs various value-added products such as marinated, salted, grilled products and hamburger meatballs. All products are produced with care and attention by international consumers (export to Hong Kong, Indian Ocean, Middle East, African countries).Our separate Halaal production factory – with its independent on-site cold storage facility, machinery, vehicles and staffing – carries ICSA (Islamic Council) Accreditation which means that we provide strictly-compliant Halaal certified meat, and Halaal fish products.
