GLOBAL TRADE GROUP

GULF-US Platform

The GCC (Gulf countries) are situated on the richest area of the world in terms of petrol and energy reserves and have 3 trillion dollars of fund source. The Gulf countries have been spending 1.8 trillion dollars of these funds for overseas investments.

Owning 35% of total fund sources of the world, the Gulf countries have been working with different instruments than western-sourced investments.

US and the Gulf Cooperation Council (GCC) countries' (Saudi Arabia, United Arab Emirates, Qatar, Bahrain, Oman) remain confident of evolving the growing mutual relationship and will continue contributing significantly to the development of trade and economic relations between both parties

The Gulf countries have been trying to lead their assets to safe investments. Due to the economic stability in recent years, its trust, safety, in terms of investor protection and the business familiarity with gulf countries, US has been a candidate to be the center of the investments of Gulf Countries.

The US government is constantly working to improve the US tax system, legal and fiscal environment, political and economic stability and regulatory framework in order to attract financial investments. US has big potential to be key sukuk market

10 million Muslim societies are living in all states of US. The Muslim customers and investors have been trying to lead their assets to safe-ethic-Islamic financial instruments and investments.

Besides, Americans and other expat people living in USA are interested with Murabaha and Icara System for the Home-Mortgage-Auto-Education and Invest (Real estate, Building materials, Halal food ..) foreign trade (export-import finance and letter of guarantee) and Insurance.

In order to develop joint projects and collaborations in economic sectors-financial-commercial-scientific-industrial-technological-educational-cultural-tourism, real estate and other industrial areas between Gulf Cooperation Council (GCC) countries' investors and US entrepreneurs, state and local and private institutions, investors, and among people who want to develop business, Gulf US Platform has been operating since 2008.
